

Teroquick

Highly-Effective Hand Washing Paste
Contains no Solvents

Basis: Anionic Surfactants

Issue: 2000-04-10

Product Description

Teroquick is a highly-effective washing paste for cleaning heavily soiled hands. It is based on anionic surfactants and contains no solvents. The product does not contain sand and therefore will not easily block dispensers. The abrasive used in Teroquick is a smooth-edged and gentle softwood sawdust which will not damage the skin (no splinters). Teroquick has been classified as easily biodegradable under OECD-302 B (Test No. 8901AL02542, February 1989, Fresenius Institute, Taunusstein).

Application Areas

Teroquick is particularly suitable for the rapid and thorough cleaning of heavily soiled hands in garage workshops.

Technical Data

Colour:	light beige paste
Odour:	perfumed
Density:	approx. 0.78 g/cm ³
pH value:	approx. 6.5

Preliminary remark

Prior to application it is necessary to read the Safety Data Sheet for information about precautionary measures and safety recommendations. Also, for chemical products exempt from compulsory labelling, the relevant precautions should always be observed.

Application

Moisten soiled hands with water, apply Teroquick and rub thoroughly (if necessary use the attached hand washing brush). Then rinse thoroughly under running water.

If a skin protector (such as Barrier Cream) was used before starting work, this should be removed with clean water or an alkaline cleaner (e.g. soap) prior to washing with Teroquick.

Storage

Frost-sensitive	yes
Recommended storage temp.	10°C to 20°C
Shelf-life	12 months

Packaging

Can	350 ml	Art.-No. 191.93 M (D)
Pail	12.5 l	Art.-No. 167.40 W (D/GB/F/NL)
Can	350 ml	Art.-No. 173.52 L (S/SF/DK/N)
Can	350 ml	Art.-No. 172.26 Z (E/P/I/GR)
Pail	12.5 l	Art.-No. 149.90 T (E/P/I/GR/S/SF/DK/N)

Important

The above data, particularly the recommendations for application and use of our products are based on our knowledge and experience. Due to different materials and conditions of application which are beyond our knowledge and control we recommend strongly to carry out sufficient tests in order to ensure that our products are suitable for the intended processes and applications. Except for wilful acts any liability based on such recommendations or any oral advice is hereby expressly excluded.

This Technical Data Sheet supersedes all previous editions.
